

Sprinter Bumper Fitting Instructions

**Before You Start Please Ensure Your Bumper is Clean And Dry
We recommend you check out our website for photos and
more instructions**

<http://www.van-x.co.uk/instructions>

***** PLEASE MAKE SURE YOU HAVE THE BUMPER FOR YOUR VEHICLE *****

- First Remove Your Number Plate And Put In A Safe Place!

THE NEXT STEPS ARE EASIER IF YOU HAVE SOMEONE TO HELP YOU

- Carefully offer the bumper up to the vehicle (please note it is designed to fit over the existing bumper)
- Gently Ease the sides into place over the existing bumper and check you are happy with the fit
- Secure the edges over the wheel arch area with rivets/screws on both sides
- Refit your number plate
- The Bumper is Now Fitted

If required you can wire the driving lamps up to your lighting system if you are unsure please consult an autoelectrician

**If You Still Have A Problem/Difficulty Fitting Your Bumper Please Call
Us**
